Juan Tamariz

The great reference of Spanish magic has watched his show from the audience.

Raised in a carpentry workshop. Made for the main stage.

As a child, Orbit spent hours in the carpentry workshop of his village. He never really left it: today he is an illusionist, a creator and a builder of grand illusions, and every piece of his stage comes from his own company, Orbit Illusions.

For over ten years he has played Spain’s principal theatres and auditoriums, selling out in eight cities. His new production, TODO O NADA, tours in 2027. Now he is bringing his illusions to Saudi Arabia and the Gulf.

TODO O NADA

TOUR 2027
